## Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below

### Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- |                                       |            |
|---------------------------------------|------------|
| By a small entity (Sec. 1.27(a))..... | \$665.00   |
| By other than a small entity.....     | \$1,330.00 |
- (b) Issue fee for issuing a design patent:
- |                                       |          |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$240.00 |
| By other than a small entity.....     | \$480.00 |
- (c) Issue fee for issuing a plant patent:
- |                                       |          |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$320.00 |
| By other than a small entity.....     | \$640.00 |

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

## DETAILED ACTION

### *Allowable Subject Matter*

The following is an examiner's statement of reasons for allowance:

Dependent claim 7 was previously allowed; the elements of claim 7 have been incorporated into claim 1, thereby putting claims 1-6 and 8-17 into allowable form (claim 7 has been cancelled).

Claims 18-23 and 41-49 were previously allowed.

Regarding claims 36-40, the prior art of record does not teach or disclose or make obvious a method for electrically bonding a semiconductor device component having a surface and conductive structures protruding from said surface to a substrate having contacts positioned correspondingly to said conductive structures, said method comprising: stereolithographically forming at least one stabilizer structure comprising a dielectric material on at least one of said surface and said substrate for disposal between said surface and said substrate; inverting and positioning said semiconductor device component on said substrate to contact said conductive structures to corresponding contacts; and bonding said conductive structures to the corresponding contacts.

Watanabe (JP 58-157146) discloses said method (Figs.1-2; Constitution), except said stabilizer structures are not formed by stereolithography.

Blanton (5,056,215) discloses a similar method (col.3 line 51 – col.4 line 6), except the stabilizer structures are not formed of a dielectric material.

Farnworth (6,461,881) discloses said method (Abstract), except Farnworth has the same assignee and filing date as instant application, and therefore cannot be used in a 102(e) or 103 rejection.

The instant application is now in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
